# Common FAQs About TLC

## **Q. What meats are used in TLC Whole Life Cat Food**

A. TLC uses two primary high-quality protein sources, including farm-fresh chicken (freeform hormones and antibiotics) and non-GMO Atlantic salmon.

## **Q. What important fruit and vegetables are included in TLC?**

A. Antioxidant and vitamin-rich blueberries, carrots, cranberries, apples, and fresh herbs.

## **Q. What is the difference between fresh meat & meat meal?**

A. Meat meal is made by removing excess water from whole meat, allowing for more protein inclusion. TLC uses high-quality & salmon, whole meats, and meals.

## **Q. How does TLC help maintain urinary tract health?**

A. TLC contains low ash chicken, controlled magnesium, balanced phosphorous, and calcium, plus added cranberries for urinary tract health.

## **Q. Why does TLC not offer grain-free formula?**

A. Grain-free food often replaces grains using lower-quality, plant-based protein sources. This leads to a reduction of quality meats/unusually high protein levels. TLC uses nutritionally beneficial whole grains.

## **Q. How much food should I feed my growing kitten?**

A. You can find an easy-to-use feeding calculator at [www.tlcpetfood.com/product/catfood](http://www.tlcpetfood.com/product/catfood)

## **Q. What is TLC Autoship?**

A. TLC Autoship lets you conveniently schedule your FREE pet food deliveries according to your puppy's unique eating habits. You can adjust, pause, and cancel your Autoship schedule at any time!

## **Q. How long does a bag of TLC stay fresh?**

A. TLC is made fresh and is safe for consumption for up to a year after opening (when stored correctly in a cool, dry area).

## **Q. Is there a money-back guarantee?**

A. TLC has a 100% satisfaction guarantee or a full refund when your food is returned within 60 days of purchase.
